### Surrey Football Coaches Association – Letter of endorsement

The Surrey County Football Association and the Surrey Football Coaches Association have worked in partnership for many years to support Coaches in Surrey.

Membership of the Surrey Football Coaches Association gives you access to regular practical coaching sessions led by top quality professional coaches, enabling you to update your knowledge and learn from those working in some of the highest levels of the game. Many of these sessions are accredited Continuing Professional Development (CPD) sessions for the Licensed Coaches Club. Our partnership with the Surrey Football Coaches Association means we ensure they are the first to receive details of the latest Coaching courses, resources, coaching vacancies and in-service events that we run.

Surrey Football Coaches Association is a network of the best grassroots, semi-professional and professional coaches and managers in the County and alongside our Coach Education programme we highly recommend that all coaches who are serious about developing themselves and their players join the Surrey Football Coaches Association.

Caroline McRoyall  
Chief Executive Officer  
Surrey County Football Association

Paul Jones  
Football Development Manager
